

Can You Help?

LIFamilies.com the leading Long Island family website calls the Long Island Community to join together as a family to help rebuild for one of their own.

They say, "when the going gets tough, the tough get going" and that's exactly what the LIWeddings and LIFamilies community is looking to do.

Hearing about tragedy is never easy, leaving many of us wishing there was something we could do and somehow we could help, but when it strikes a member of your own "family" you can't help but get up and take action.

Janet and Krystina (members of LIWeddings and LIFamilies) are (among) the surviving kin of Keith, a 34 year old who recently succumb to a stroke caused by a freak accident that cost him his life.

If that wasn't devastating enough, just a few weeks prior to Keith's passing, a vicious storm rained through their roof and managed to destroy their Shirley, Long Island home, leaving it in need of major renovation, repair and rendered unlivable.

It is obvious to imagine that with the following tragedy of losing their beloved husband and father, Janet and her daughter Krystina, have neither the funds nor the fortitude to take on such a tremendous and expensive task.

Because we have so many blessings and in an effort to help our neighbors, part of our Internet family and to give back to our community and to two special people who have touched our lives; we are looking to collaborate with others who can commit to making a difference and helping this family out as part of an extensive rebuilding, remodeling and renovation effort.

The only way to make this happen is with your help. Currently we are seeking both funds and volunteers. You can log onto LIFamilies.com for more details. Any and all assistance is greatly appreciated.

Please make your checks payable to "Janet & Krystina Fund" and mail to the following address.
